In order to save time, Parents can fill out the tuition receipt and registration form before you come and hand them to the registered teacher on the day of registration. The teacher signs and stamps the receipt and returns it to the student. (The student's official receipt)

Students who do not have a printer at home can fill in the form on the day of registration and ask who the teacher is, the time and class of the class.

Students who send a check to the school, please fill in the tuition receipt and registration form, and send it to the school together with the check. After the school receives the check, the teacher will sign and stamp the receipt and send it back to the student. (It is the student's official receipt.)

If you need the school to deliver books to your home, the fee is \$6.00 (please add it to the tuition)

Thank you all for your cooperation!!!
